Pure Storage
Mountain View, CA

October 13, 2017

Hello,

I am a junior in Computer Science at the University of Michigan, and I am highly interested in working at Pure Storage next summer.

I believe I will be a great asset for the team at Pure Storage. Through several personal projects, my education, and previous work experience in a developer position, I have gained a diverse skillset that includes Java, C++, relational and NoSQL databases, and extensive Linux experience.

Please review my resume for any additional details regarding my experience and relevant skills. I look forward to hearing from you.

Thank you,

Paul Gossman
