Intuit

October 14, 2017

Mountain View, CA

Hello,

I am a junior in Computer Science at the University of Michigan, an avid user of Mint for over two years, and I am highly interested in working at Intuit next summer.

I believe I will be a great asset for the team at Intuit. Through several personal projects, my education, research experience, and work experience in a developer position, I have gained a diverse technical skillset and strong problem-solving skills.

Please review my resume for any additional details regarding my experience and relevant skills. I look forward to hearing from you.

Thank you,

Paul Gossman
