Nest
Palo Alto, CA

October 11, 2017

Hello,

I am a junior in Computer Science at the University of Michigan, and I am highly interested in working at Nest next summer through the internship program.

I believe I could be a great contributor at Nest as an intern on the Android team, for I have very strong Java and C++ skills in addition to experience working on a medium-sized Android application. I also perform very well on teams due to my strong communication skills and thoughtful organization.

The innovation coming from Nest is very exciting, and I would love to be a part of the team to help innovate further.

Thank you,

Paul Gossman
